

Human Development Index (HDI) Trends

Use the data provided by the UN <http://hdr.undp.org/en/content/table-2-human-development-index-trends-1980-2013> to find and plot trend lines for the four countries on the graph.

Then write two sentences about what the data shows.

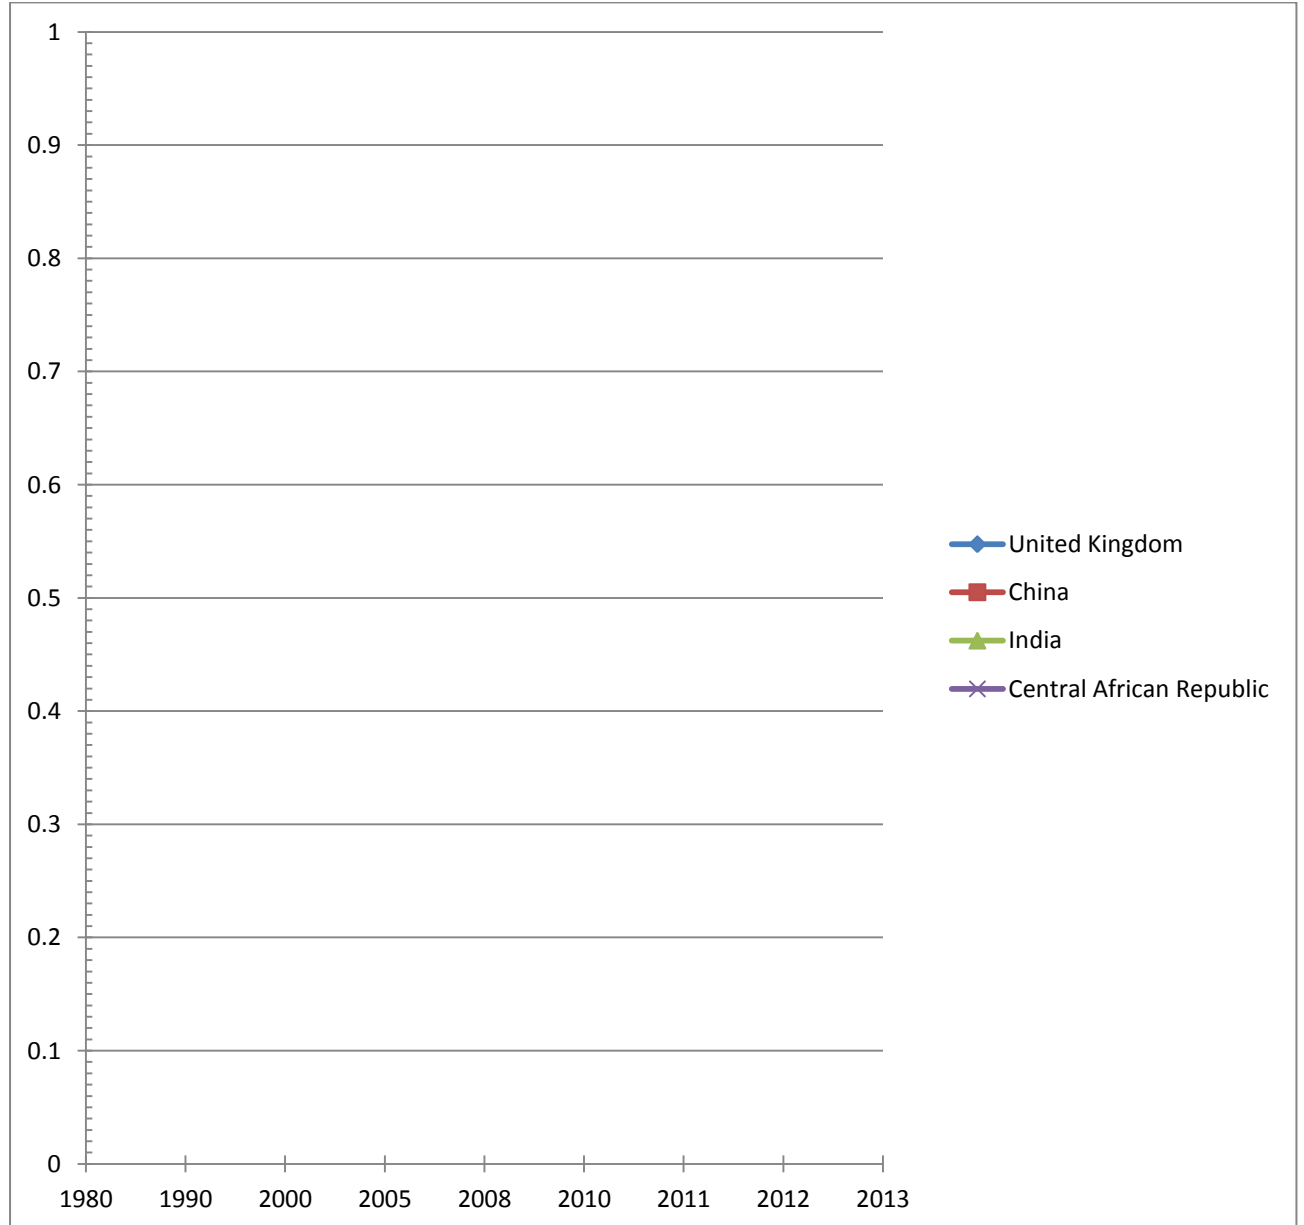

1980 1990 2000 2005 2008 2010 2011 2012 2013

United Kingdom

China

India

Central African Republic

EXTENSION: Choose one more country from the very high, high, medium and low categories for human development to add to your graph. What does this information tell you about the sub-categorisation of data?
